LEGION DECIDES TO DON UNIFORMS

Post Accepts Invitation of Chamber of Commerce to Parade.

PREPARE FOR HUMAN FLY

Reception and Collection Committee Appointed. Largest Attendance in Post History is Expected Thursday.

Following their custom of Memorial Day the Albert Lentz post of the American Legion will be represented in the Farmers' Day parade in uniform.

This action was decided upon by twenty five members of the post who convened in the Stallsmith building for the second October meeting, Monday night.

Appearance in uniform had been contemplated by the post but was not definitely decided upon until Percy Eichelberger, commander, read a letter of invitation from the Chamber of Commerce asking the former service men to join the parade as a unit. The post members thought it befitting the occasion that they go in uniform, bearing aloft their beautiful new American ensign and American Legion emblem.

Discussion of Farmers' Day occupied the entire one hour and half session as the Legion has many plans on foot for the fifteen hours between 7:00 a. m. and 10:00 p. m. Thursday.

Fifteen men volunteered to take charge of collecting money at the time when Harry Gardiner, noted "Human Fly", attempts to scale the wall of the First National Bank building and signified their intention of bringing at least fifteen other men to aid them. This committee will also act as a reception committee for the "Human Fly" who comes to Gettysburg entirely under the auspices of the American Legion post.

Another committee was appointed to supervise selling the lamp which is on exhibition in a show window of the G. W. Weaver and Son store. Earl Stallsmith, adjutant, requested all persons to have the lamp sale stubs in the Legion rooms at 6:00 o'clock on Thursday evening so as to allow the "Human Fly" the opportunity of selecting the winner.

It was announced further that the Weaver show window would be featured also by the presence of photographs taken of the "Human Fly" during some of his sensational climbs throughout the country.

Owing to the many and varied activities in which the Legion will take part on Farmers' Day it is expected that at least two hundred of their two hundred and eighty members, the largest attendance in the history of the post, will be in Gettysburg on Thursday.

BONDSMEN WITHDREW

Nicholas Takis, Greek, Lands in Jail Again.

Nicholas Takis, a Greek, who was employed at the American restaurant, out on bail on the charge of assault and battery, was placed in the Adams county jail Monday evening by Officer C. A. Fox, when his bondsmen, Crist Mitchell and Cletus Pitzer withdrew the bail money. The amount was $300.

Takis is charged with assaulting William Shealer on the night of September 29. He was held for court by Justice of the Peace J. L. Hill.

FOOTBALL GAME WEDNESDAY

Gettysburg High Plays Frederick on Playground Gridiron.

Gettysburg High School will play her first mid week game of the season on the Playground field Wednesday afternoon at 3:30 o'clock against the aggregation from Frederick High. The local eleven won from Camp Curtin High School, of Harrisburg, this season and made exceedingly creditable showings against Shippensburg Normal and York High.

NOTED VISITORS IN FRUIT BELT

Secretary Rasmussen Accompanied Here By Delegation From Copenhagen, Denmark.

Adams county's noted fruit belt region was visited briefly this morning by Frederic Rasmussen, state secretary of agriculture, accompanied by four representatives of the government of Denmark.

S. W. Skikkild, H. Hansen, H. Kraunsoe, and P. Hansen, the four men from Copenhagen, are in the United States as representatives of their country to study the agriculture conditions here. Since their arrival in Pennsylvania they have been taken to many of the noted dairy farms and were brought to Adams county by Secretary Rasmussen to view one of the leading orchard districts of the country.

Owing to lack of time the five men stopped only at the Tyson Brothers fruit farm at Floradale but had ample opportunity to observe many other farms from the roadway between Bendersville and Gettysburg.

After stopping at the Hoffman hotel for dinner the men toured the battlefield and then continued to Washington.

"These men are all leaders in farming and dairying in Denmark," said Secretary Rasmussen to Paul Hoffman, county agent, who met the delegation here. "The Messrs. Hansen conduct an extensive milk exportation business while Mr. Kraunsoe is connected with the agriculture department of the government."

This visit of Secretary Rasmussen to Adams county was the first since he came here in July to learn the progress of the apple survey.

RELICS ON DISPLAY

Trucks Coming Here With Tank Reach Hanover.

A recruiting detachment of four men in charge of Lieutenant Ancrum, of the Harrisburg recruiting station reached Hanover Sunday on their way here where they will exhibit the government collection of relics collected on the battlefields of France, on Thursday, Farmers' Day.

The party will leave Hanover for Gettysburg Wednesday. The party is traveling in two trucks, the one containing the whippet tank and equipment. The tank which saw service overseas, as the bullet marks testify, is known as a two-man machine. It weighs six tons and is equipped with a single Browning machine gun and has room for an operator and a driver.

Advance reports say they will remain in Gettysburg until Sunday.

HUNTING SEASON OPENS

Squirrels, Pheasant, And Quail Usher in Season.

A large portion of the 1600 hunters who have procured licenses at the office of Roy Zinn, county treasurer, will take advantage of the official opening of the squirrel, pheasant and quail season Wednesday morning.

Wednesday marks the official start of the hunting season in Adams county to be followed by the rabbit season November first and the deer season December first.

Treasurer Zinn issued one hundred and seven licenses at his office Saturday night and ninety more Monday night.

POOR DIRECTORS IN SESSION

Adams County Board Goes to Harrisburg Convention.

E. H. Benner, P. P. Eisenhart, and J. Edward Hall, constituting the Adams County Poor Board; Dr. E. H. Markley, treasurer; Arthur Roth, secretary; H. T. Stouffer, steward of the county home; and Robert E. Wible, Esq., attorney for the board, have gone to Harrisburg to attend the annual state convention for poor directors.

GIANT STRIDES BY ROAD BUILDERS

Combined Obstacles of Labor And Material Scarcity Successfully Overcome.

TEN MILES ON LINCOLN

Mason And Hanger And Souder Firms Have Done Exceptionally Well. Continental May Finish.

At least three road contractors in this section of Pennsylvania, namely Mason and Hanger, Souder Construction company, and Continental Construction company, have successfully combated the combined obstacles of scarcity of labor and material and will soon bring to a close a season marked by success in amount of work accomplished if not perhaps in financial gain.

The progress and success of the road contractors working in this vicinity is of keenest interest to local business people depending to a great extent upon the trade of tourists and of rural residents whose travel is greatly hampered by poor road conditions.

Mason and Hanger, the contractors who are building the Lincoln Highway west of Gettysburg, have completed the section of their job extending from the western borough limit to the property commonly known as the Charles Tate farm, situated about two miles west of the town limit. This firm has also laid concrete from McKnightstown west to a short distance beyond Flohr's church and from the top of the Cashtown hill to George Kane's store.

A total of approximately five miles remains therefore for Mason and Hanger to finish in their ten mile stretch.

West of the Kane Store the Souder Construction company has completed the Lincoln Highway over the mountain crest and down the other side to the residence of the Misses Docks, a distance of slightly over five miles.

Toward the south the Continental firm has built the Emmitsburg road from Greenmount to West Confederate avenue, less than three miles, and from Moritz's store to the Middle creek bridge, approximately three quarters of a mile. The Continental firm having a half mile remaining between the Middle creek bridge and the Maryland line and the distance from Greenmount to Moritz's store may be able to finish their job if good weather prevails late into the winter.

Work has progressed very slowly on the Gettysburg-Bendersville road, however, as the Merdinger firm, handicapped by scarcity of material, has laid concrete only from near the Quaker Valley road to Biglerville, a total of one and a half miles.

TO ENFORCE CUTOUT LAW

To Clamp Down Lid on Truck Drivers.

Officer C. A. Fox has sounded a warning to all drivers of trucks and automobiles that the Borough ordinance prohibiting the use of cutouts will be strictly enforced. Many complaints have been received from residents along the main streets and from the school authorities that the trucks employed by the road construction firms and the State Highway Department, with their cutouts open have become a nuisance. Officer Fox has notified the drivers he will arrest the first violator of the law.

WHEAT AT $2

Decline of Ten Cents Follows Steady Market.

Wheat which for the last few days had strengthened under the investigation by the government slumped again today in the local market. From $1.80 the price jumped to $2.10 a bushel last week. Weakness in western markets was reflected in the decline to $2 here.

COX SPEAKS TO CROWD IN PAJAMAS

Governor Called Unexpectedly to Speak in Tour of New England.

(By Associated Press.)

Springfield, Mass., Oct. 19—The entry of Governor Cox, of Ohio, in New England was marked by his appearance in pajamas before a crowd at the railroad station in this city early today.

The candidate had not expected to speak here and was leisurely making his morning preparation in his private car intending to give his first address of the day at Worcester, fifty miles away when he heard the calls of a crowd of several hundred persons that had gathered to see him. The Governor hastily slipped on a long overcoat which he carefully buttoned up to his chin and then still wearing bathing slippers stepped to the rear platform. He smiled appreciatively in response to the shouts of "Good morning, Governor." He spoke only five minutes and the train pulled out while he was talking.

APPROVES BRIDGE REPORTS

Court Confirms Reports of Inspectors. Argument Postponed.

The report of Levi J. Diehl, William H. Johns, and Eugene C. Schriver, inspectors of the Rock Creek bridge on the Lincoln Highway recently completed by the firm of C. A. and F. M. Wagman was approved by the court during its session, Monday, as were similar reports of Mr. Diehl, Schriver, and William Eline, of Littlestown, inspectors of the Rock Creek bridge on the Harrisburg road, and of Mr. Johns, J. Calvin Thomas, Arendtsville, and LeRoy Rife, Mount Pleasant township, inspectors of the Bermudian creek span at Bupp's mill.

Hearing of argument in the case of G. M. Krug versus James Murren in a request to stay a judgment of $450 was postponed.

EXHIBITS FOR HOSPITAL

Appeal Made For Fruit And Vegetable Donations Farmers' Day.

Members of the Woman's Auxiliary of the Annie M. Warner Hospital today joined in making an appeal to farmers and gardeners of the county who are going to bring exhibits to Gettysburg on Farmers' Day to donate these fruits and vegetables to the hospital.

It has been suggested that all persons who will join in this movement to aid the hospital should mark somewhere on their exhibits "For the Hospital." In other years many of the exhibitors gave their displays to the store to which they took them to compete for prizes and it is believed that this plan will meet with the approval not only of the grower but the merchant as well.

WOMEN WORKERS TO MEET

Missionary Societies Convene in Hanover This Week.

Missionary societies of Adams county Lutheran churches will be represented at the thirty-eighth annual convention of the Women's Missionary Society of the West Pennsylvania Synod of the United Lutheran church which will convene in Hanover from Wednesday to Friday of this week.

Among the Gettysburg women who have a part in the program are Mrs. C. F. Sanders, who will conduct the devotional exercises Thursday morning, and Mrs. Elsie Singmaster Lewars, who will report on the Lutheran Summer Assembly.

HORSE'S KICK IS FATAL TO FARMER

Dillsburg Man Lives Only Half Hour After Accident.

DANIEL W. MICKLEY DEAD

Native of County Dies in Chambersburg. Mrs. Hanson Stallsmith Succumbs to Complication of Diseases.

John M. Myers, retired farmer residing near Dillsburg, well known in the upper end of the county, died Monday evening as the result of being kicked by a horse. Mr. Myers, who was seventy five years of age, was harnessing his horse in the barn when the animal suddenly kicked, crushing his chest. He was carried to the house but expired before a physician could reach him. He lived a half hour after the accident, never regaining consciousness.

DANIEL W. MICKLEY

Daniel W. Mickley, native of Adams county, died Sunday evening in Chambersburg where he had been ill for some time. He was the son of the late Daniel and Elizabeth Mickley and was born on the Mickley homestead, near Fairfield.

The deceased is the last member of his family, being survived by a number of nephews and nieces. He was generally known throughout Adams and Franklin counties as "General" Mickley.

Funeral Thursday afternoon in Waynesboro at 2 o'clock conducted by Dr. F. E. Bahner. Interment in the Green Hill cemetery.

MRS. HANSON STALLSMITH

Mrs. Hanson Stallsmith, a life long resident of the New Oxford vicinity of the county, died at her home east of that town this morning at 8:30 o'clock from complication of diseases.

Mrs. Stallsmith, who was nearly seventy three years old, was Miss Emma Schriver before her marriage. She is survived by her husband and one daughter, Mrs. Margaret Frazer, with whom she lived, and one grandson, Vernon Frazer.

Funeral services at the house Friday morning at 10:00 o'clock conducted by Rev. John Keener, Reformed pastor of New Oxford.

Interment in the New Oxford cemetery.

SUGAR MARKET BETTER

Aid to Cuba Strengthens Price. Up One Cent.

(By Associated Press)

New York, Oct. 19—Ever since the moratorium was declared in Cuba about a week ago confidence has been gradually reviving in the sugar market and a slightly better demand has developed.

The announcement that New York banking interests would help in financing Cuba caused further improvement in the tone of the market today and recent gains in raw sugar followed the first advance in sugar in many months. There was an advance of a cent a pound on the basis of twelve cents.

COMMITTEES FOR SCHOOL LEAGUE

Biglerville Parents Named For Work in Connection With Schools.

Following the first successful meeting of the Biglerville Home and School League last Friday, President George H. Knouse has announced a number of committees to prepare for the November meeting which will be held in the high school building November 12.

The following committees were appointed:

Flag pole committee: U. S. Klinefelter, chairman; Rev. S. F. Tholan, Hoke Slaybaugh, Warren Enck. The committee will see about obtaining a flag pole and flag for the school.

Program: Miss Eva Deardorff, chairman; Miss Alice Longsdorf and Mrs. Raymond Carbaugh. They will arrange for program for the November meeting.

Visiting: Charles L. Longsdorf, chairman; Mrs. Calvin Hoffman, Mrs. John Seasly, Mrs. Charles Miller, Mrs. C. H. Musselman. This committee will visit the schools at various times during the month to observe the work of the pupils and teachers and conditions of the building and report at the next meeting.

Membership and dues: Bruce Taylor, chairman: Mrs. Samuel Kapp and Mrs. Wilmer Roth. This committee will enroll the parents of the new pupils and collect the annual dues.

SHOOTING MYSTERY

Believe Student's Death Was Due to Accident.

(By Associated Press)

Philadelphia, Oct. 19—The authorities, as well as the relatives of Elmer C. Drewes, the Dartmouth College Senior, whose body with a bullet wound in the forehead was found Sunday morning on the outskirts of this city, expressed the belief today that the young man was accidentally shot, probably by a friend or acquaintance, although no tangible evidence has been found to substantiate this theory. Those working on the case today plan to devote considerable attention to this angle of the investigation.

A number of possible clues have been run out but none of them throw any light on the mystery. No motive for the slaying of Drewes has been discovered. Robbery, the police say, did not enter the case, because nearly $1,000 in cash and Liberty bonds which he carried in a pocket was found untouched.

The aunt of Elmer C. Drewes, Dartmouth college student found slain here Sunday morning, said this afternoon she believed the person or persons from whom he intended to purchase a second hand automobile can clear up the mystery surrounding the death of the young man.

ENGLISH STRIKE NOT FELT IN U. S.

Home Consumer Will Not Be Affected, Coal Men Say.

MUCH IS BEING EXPORTED

This Condition Has Existed For Months, English Orders Could Not Be Filled.

(By Associated Press)

New York, October 19—The coal strike in England will have no abnormal effect on the bituminous coal situation in the United States. While the British labor trouble may tend to increase export prices the home consumer will not be affected.

This was the concensus of opinion here today of representatives of coal export agencies and wholesale dealers who declared that all coal that could be shipped abroad had been going out of the country regularly for several months.

Millions of tons of unfilled orders now are being held by American coal exporters and are being filled as fast as the fuel can be obtained and loaded at American ports.

As coal loading facilities at all ports are "taxed to capacity" it was pointed out that no matter how many additional foreign orders were received it would be a physical impossibility to export any more coal to European countries.

The only real increase in coal exports seen by agencies was in bunker coal. It was pointed out that ships were loading sufficient coal in American ports to make the round trip abroad. The Tidewater Exchange reported there was no increase in shipments since the English strike. The export demand is six or seven more times greater than can be filled and the British strike could cause no change in the situation here.

STOCK REPORT

Dealings on Market Small. Specialties The Center.

(By Associated Press)

New York, Oct. 19—Dealings in the stock market during the morning were on the smallest scale of any recent period but it required only moderate offerings to affect additional declines. Selling centered in specialties, notably American tobaccos, hides and leather preferred and Virginia, Carolina chemicals, the latter falling 4 points. Buying of oils, sugars and local traction resulted in recoveries of 1 to 2 points, a few rails also strengthened. There was little demand for representative steels and equipment which reflected the prevailing trade uncertainty. Call money opened at seven per cent and exchange on London recovered half of their early declines.

SEEK TO FIND THE MISSING LINK

Expedition to Start on Five-Year Search in Wilds of Asia.

HAVE FUND OF $250,000

Gobi Desert Will be Scene of Hunt For Specimens of The Wildest Animals.

New York, Oct. 19—Organized search for the well-advertised but undiscovered "missing link"—the remains of the "near man" that scientists, since the day of Darwin, have longed to examine—is to be carried on in Asia for a five year period, beginning next February.

An expedition, financed by a $250,000 fund, will penetrate remote regions, and even if it fails to uncover remnants of man's rude prehistoric forebear, it is planned to bring back to New York "the greatest natural history collection the world has ever seen."

The American Museum of Natural History, which is sponsoring the explorations, announced its associates are the American Asiatic Society and the Asia Magazine. These three will finance the expedition, with the help of private contributions by Mrs. Willard Straight, J. P. Morgan, George F. Baker, Childs Frick, W. A. Harriman and Mr. and Mrs. Charles L. Bernheimer.

Huntsmen and cowboys, as well as erudite professors and scientists, will be included in the big party, for it is planned to trail some of the wildest wild animals in the world on the Gobi Desert and bring them back to New York alive.

Want Wild Asses and Camels

"Antelopes that can run 60 miles an hour, wild horses with less speed, but more control in their kicking apparatus, and wild camels, wild asses and long-haired tigers can be run down in motorcars, lassoed by Mongol cowboys and some of the specimens brought back alive to the New York Zoological Park," said the statement announcing the expedition.

"On the Tibetan steppes are enormous yak, snow leopards, giant pandas and beautiful golden monkeys with blue, upturned noses," the statement continued. "In China is the takin, a creature with a veritable 'golden fleece,' a strong ox-like animal that roams the highest mountain valleys and actually represents an intermediate stage between the antelope and the goat."

It is the hope of finding the bones of a prehistoric ancestor of man, however, that is held highest by Roy Chapman Andrews, associate curator of mammuals in the American Museum of Natural History, who will be in charge of the expedition, and his associates. The party will have its headquarters in Pekin.

In 1891, a Dutch army surgeon, while excavating for fossils in Central Java, discovered part of a skull, two molar teeth and a thigh bone, and thereby "unearthed one of the most perplexing conundrums in the study of human ancestry", said the statement.

Man Half Million Years Old?

"Were the remains those of an extremely early type of prehuman manlike animal? If so, this ape-man must have lived approximately 500,000 years ago.

Underground Chambers Near Hagerstown Are Freakish.

Further discoveries of deep subterranean caverns in the vicinity of Hagerstown leads geologists who have been studying the "find" to believe the underground caverns cover many acres approaching in extent the famous Luray Caverns, of Virginia. Chambers even more freakish than those at Luray have been found and the owner of the land, Edward Hutzel, is now awaiting the report of the geologist before deciding what will be done.

NOT A BREAK IN BRITISH STRIKE

Cessation of Industry Spreads. Few Mines In Operation.

London, October 19—The cessation of coal-mining throughout the country seems complete, for, although the miners in some districts appear to have entered the strike in a half-hearted manner, there is no sign yet of any break in the ranks of the men, and consequently the dislocation of the country's industries is becoming widespread.

Nor is there indication of any mediation growing out of Monday's various conferences, all parties apparently waiting the reassembling of Parliament today, when it is expected the discussion of the strike will displace the Irish Home Rule bill, which was the first scheduled business before the House of Commons.

Rumor Of Offer

There was an unconfirmed report that the government intends to offer the miners a compromise of one shilling per shift advance, provided they accept submission of the whole dispute to an independent tribunal.

The strike will hit the iron, steel and cotton industries seriously. The great blast furnaces in the Middlesborough district are already beginning to damp down; thousands of furnace men and steel workers are idle. This Teesside district provides a third of the whole British output of pig iron, and it is feared, should the strike be prolonged, that some 25,000 men will be without work.

CAMPAIGN IS QUIET

Voting Day Two Weeks Off But Interest Lags.

The presidential campaign is now on the home stretch and although interest has increased during the past week here, it will be remembered because of the lack of interest taken in it by the general public. This condition not only exists in Gettysburg but it seems to be universally the case. Writers following the political trend have vouchsafed many explanations but agree on none. Developments which always come in the closing days of the campaign, however, will probably produce the same interest in the outcome that has prevailed in other years.

WANT WOMAN IN CASE

(By Associated Press)

Camden, New Jersey, October 19—Police authorities of Camden and Burlington counties said today they were searching for women declared to have been acquainted with David S. Paul, bank runner who disappeared with $70,000 and whose body was found in a shallow grave with $40,000 in cash missing.

BRIGHT LIGHTS LURED TO DEATH

Officers Working On New Clue to Slayers of Bank Messenger.

ON TRAIL OF THE WOMAN

Letter With Endearing Terms And Scraps of Paper May Solve Mystery. Had $40,000 in Cash.

Philadelphia, Oct. 19—Fondness for the bright lights and "a weakness for women" are believed to have been the impelling impulses which lured David S. Paul, Camden bank messenger, to his death last Friday. A score of investigators arrived at this conclusion Sunday after an all-day search of the pine woods near Tabernacle, Burlington county, where Paul's body was found buried under six inches of earth Saturday morning.

Following this line of reasoning, detectives exerted all their efforts toward running down several women who are believed to have a knowledge of Paul's whereabouts between October 5, the day he disappeared with $10,000—it might have been $40,000—of the Broadway Trust Company's cash, and last Saturday when his mutilated body was dug up in the pine woods.

The strongest clew which the detectives unearthed was an unsigned love letter, evidently written by a woman who was either deeply infatuated with her cortespondent or who wanted him to think that she was. The letter was found in Paul's clothes and had been overlooked when the first cursory examination of the body had been made. It was filled with endearing phrases and contained many statements which the detectives believe will be invaluable in running down the murderer.

Another clew which the detectives refused to discuss was run out when Frank James, an automobile salesman employed at Second and Market streets, Camden, was called in and questioned by Prosecutor Charles A. Wolverton. James was asked about the women associates of Paul and is believed to have given valuable information. It is understood that he and Paul were acquainted with several women who may be able to throw some light on the murder.

When the detectives were searching the ground in the vicinity of the shallow grave in the pines Sunday they found some papers which will have a vital bearing on the case. The papers were picked up on the sandy road about a half-mile from the grave and had been torn into bits. It will be a big job to piece them together, but the sleuths are already at work trying to decipher them. They have already established the fact that the papers belonged to Paul and that one of them was a sort of identification card. Why the murderers did not destroy all marks of identification before they buried their victim is one of the big problems which the detectives are trying to solve.

Gay Life Under Cover

While Paul was supposed to have been leading an ideal life during the past 20 years, the sleuths have dug up information which completely contradicts this. During the time that the bank messenger was leading a Sunday School class and to all appearances an exemplary life he was in reality slipping out occasionally to enjoy riotous parties.

MARKET REPORT BY WIRE

State to Give County Growers Late Report Each Day.

Under a new plan the State Bureau of Markets will now be able to furnish the apple growers of this district through The Times an up-to-the-minute report on the condition of the apple market not only in this part of the state but in the central markets of the east.

The report today indicates little change locally, the statement pointing out that the demand and movement continues to be slow, most of the stock being held for storage.

At Rochester there is heavy wire inquiry at lower prices. Baldwin and Northern Spy sales were made at $4.

In Philadelphia the market was weak, York Imperials selling from $3.75 to $4.50, Stayman Winesap $5 to $5.75. The New York market was also dull with prices ranging about the Philadelphia figures. There was a limited demand for box supplies with the market steady.

HARDING SENDS WILSON ANSWER

Says Dispatch Did Not Give His Exact Wording.

Marion, Ohio, October 19—Replying to an inquiry from President Wilson, Senator Harding wrote the White House last night that although France had sent her "spokesmen" to him informally asking America to lead the way for an association of nations, the incident had not involved the French government in any violation of international proprieties.

The Senator declared that in his reference to the subject in a speech at Greencastle, Ind., recently he only had sought to convey the thought that there had come to him "those who spoke a sentiment which they represented to be very manifest among the French people." He added that his words "could not be construed to say that the French government has sent anybody to me."

Referring to Mr. Wilson's suggestion of impropriety in a foreign nation approaching "a private citizen" on such a subject, Senator Harding pointed out that he is a member of the Foreign Relations Committee as well as a nominee for the presidency, and suggested that "an informal expression to me is more than that to a private citizen."

Error Explained

The President's letter had not purposed to use the exact words of the Greencastle speech, but had repeated a paraphrase in which "a representative" was used in place of the plural "her spokesmen." The singular had been used in the transcript of the official stenographer as made public on the Senator's train in Indiana, the copy given to newspaper correspondents reading "France has sent her spokesman to me."

Senator Harding, in making public his letter, said he had not had occasion to revert to the stenographer's notes until the President's letter raised the point. He then ascertained, he said, that the notes and the transcript prepared on the train did not agree, and that although he had said "her spokesmen" the published reports of the speech had been exact in using the words "her spokesman."

CRUSHED UNDER TANK

Member of Motorized Battery Seriously Injured at Hagerstown.

Herbert Davis, a cook, attached to the Eighty-Third Field Artillery, enroute from Camp Knox, Kentucky, to Harrisburg which was scheduled to come through Gettysburg for recruiting purposes, is lying at the point of death in the Washington County Hospital. He was pinned beneath a tractor used to draw the gun caissons when the machine skidded from the road Sunday night near Hagerstown.

Considerable difficulty was experienced in raising the huge tractor sufficiently to drag the man out. His cries could be heard for several blocks. He urged the officers and men to shoot him and end his misery, while the tractor, which it is said weighs six or seven tons, was raised on jacks. It was discovered at the hospital that his injuries consisted of a crushed pelvis, left thigh fractured and severe internal injuries.

FRENCH MAKE DENIAL

Never Approached Senator Harding About World Association.

(By Associated Press)

Washington, Oct. 19—Assurance has been given the State Department by Count de Bearn, French charge here, that the French government has not given authority to anyone to approach Senator Harding with suggestions that the Republican presidential nominee take the lead in forming a new world association.

Calling attention to an official denial issued by the French foreign office yesterday the French charge told Under-secretary of State Davis that he was assured that the French government had delegated no spokesman to act for it in negotiations with Senator Harding either "formally, informally, officially or unofficially."

GRENADE KILLS CHILD

As the result of tapping a hand grenade, brought home from France as a souvenir, with a hammer, Raymond Powell, seven years old, of Frederick, is dead. The exploding grenade horribly mangled the boy's body. The accident happened while the child's mother was on the operating table in the Frederick City Hospital.

LECTURE SERIES COMES TO CLOSE

Dr. McCuaig Made Final Address Monday Evening in Presbyterian Church.

With Monday nights meeting in the Presbyterian church Dr. J. Aspinall McCuaig brought to a complete close his work in Gettysburg. Monday afternoon in St. James Lutheran church he addressed a gathering of women on the subject of "War Babies."

Introductory to his lecture Monday night Dr. McCuaig declared that the most significant abuses of the day are abuses arising out of ignorance of the relationship of the sexes, and commonly known os "social evil."

"Before the picture of any single phase of social evil all right-minded people stand aghast. As I speak to you tonight there comes to me a vision of the five hundred thousand lost women of this country. Lost indeed, are they, because they are outside of hope as much as though already thrust into the coffin beneath the ground. For these no plea avails. But as the fullness of the vision comes I do make plea for the five hundred thousand little girls, some of them just learning to walk tonight, many of them going out these mornings with their school bags on their shoulders and bright smiles upon their faces—blue-eyed little girls, golden-haired little girls, auburn-haired, black-haired little girls, from homes all over this great land who, unless something is done by you, will within the next ten years, go down to fill the places of the five hundred thousand lost ones of today, who will have passed on to the grave. I stand between these mighty hosts. I stand tonight beween the rank of those already lost and the oncoming ranks of innocents beseeching for your children."

RODGERS—MOUL.

Miss Anna Moul, daughter of Mrs. Amanda Moul, and Earl Rodgers, son of Mr. and Mrs. A. H. Rodgers, both of Abbottstown, were married last Saturday evening at the Lutheran parsonage, Abbottstown. The ceremony was performed at 9 o'clock by the Rev. Paul Glatfelter. After the ceremony a reception was held at the home of the bride's uncle and aunt, Mr. and Mrs. E. E. Jacobs, who served the guests with a supper. Those present included the following persons: Mr. and Mrs. E. E. Jacobs, Mr. and Mrs. A. H. Rodgers, Mrs. Amanda Moul, Mr. and Mrs. Artie Gulden, Mr. and Mrs. Merle Sanders and daughter Betty, Miss Beatrice Rodgers and Clarence Rodgers.

TURKEYS WILL BE HIGH

Indications Point to Scarcity of The Holiday Fowl.

According to advices received by the farmers from northern markets, the prices of turkeys will be extremely high this year. With that in view the raisers of turkeys are taking special care of their birds.

Never in the history of the trade has the cold storage been so bare at this time, and chances are when Thanksgiving trade starts the usual amount of frozen poultry held over will be void and the necessary supply must be from fresh-killed birds. Frozen turkeys are selling at 65 cents a pound and higher.

LARRY GARDNER A WONDER

By playing amazingly consistent ball throughout the entire American League season and also during the World Series, "Larry" Gardner, third sacker for Cleveland, again earns the right to be termed the premier hot corner guardian of the younger circuit.

In 1908 Larry broke into the major leagues as third baseman for the Boston Red Sox. His admirable playing for that organization bears no need of repetition as he was a recognized bulwark during the 1912, 1915, and 1916 campaigns when the Sox captured world honors.

After playing only one season with the Athletics, Gardner was secured by his old teammate, Tris Speaker, to perform for the Cleveland Indians. His success in the Ohio metropolis has been remarkable. In two seasons he had never missed an inning and has hit .305 and .308 respectively. During the past campaign in 150 games he had 149 put outs, 355 assists and only 14 errors, a record that rightfully gave him the fielding leadership of the league.

Despite the fact that he has played several years in the minors and twelve years in the majors, Gardner is only about thirty four years old as he started exceedingly young.

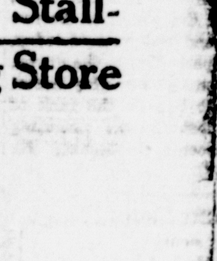
DEAR OLD PETE:

Just wound up the one swellest day of my life! Since early this morning, when I got an invitation to visit R. J. Reynolds Tobacco Co. factories, I've been in the midst of millions of Camel cigarettes.

Man—the happiest idea you or I *ever* had as to the size of this Reynolds enterprise, or the number of Camels manufactured daily, is *simply piker-stuff!* Wipe off the slate and start fresh! Why—Pete, it seemed to me like a couple of those cigarette-making machines could keep half the nation smoking Camels steadily—BUT—honest to goodness, there are *hundreds of these machines* batting out Camels at the rate of 27,000 an hour—*EACH!*

Pete, you wouldn't have to consult a guide book to know you were in the Camel factories! The atmosphere is charged with that wonderful aroma you get when you open up a deck of Camels! And, *you know*, old elephant—you've had a trunk full!

As the Camels dropped into the containers I figured the delight each one would supply! And, how Camels mellow, mild body would hit the right spot and how Camels refreshing flavor would cheer up some smoker's jaded appetite! And, each Camel *free* from any unpleasant cigaretty aftertaste or unpleasant cigaretty odor! And—



Pete—I'll have to lay off and light another Camel! Write you some more soon.

Yours joyously
Shorty.

IN MEMORIAM

In loving remembrance of my dear son, George E. Izer, who died two years ago today, the 19th of October, 1918.

Dear is the grave where my dear son lays,
Sweet the memory that never shall fade.
Heart of my life is buried deep,
Under the sod where my dear son sleeps.

With loving thoughts and fond regret,
For days forever fled,
For the one I loved and cannot forget,
Lies in his silent grave.
By his mother.

Under the sod my son is sleeping,
Sleeping only for a while.
God knew best to call him
Homeward from this wicked world of sin.
By his father.

We mourn for you dear brother,
But not with outward show.
For the heart that mourns sincerely,
Mourns silently and low.
By his sisters and only brother.

God has called him, Oh, how sudden!
And he listened to the call.
Hastened to his home in Heaven,
Though he had to leave it all.
Friend, Charlotte Lee.

SOME BIG SPECIALS
FOR FARMERS' DAY

In view of the fact that a large number of people will be in Gettysburg for the day, we have received a half carload of Army and Navy goods, including shoes, shirts, sweaters, blankets, etc.

Knowing the immensity of the throngs on that day, we are prepared to supply any of your wants in that line.

We have been compelled to enlarge our store in order to handle the growing amount of merchandise which has been increasing since our establishment.

We are able to accommodate the people more conveniently, and we ask you to come in and look over our goods before going elsewhere.

We appreciate it the same whether you buy or not. You are always welcome.

We purchase all of our Army goods direct from the Government, and therefore the wearing quality is guaranteed.

The shipment just received includes five thousand pairs of Army field shoes at $2.95 per pair; also half a million canvass leggings at .25 per pair, and leather and wrapped putties in numberless quantities.

The sale of these goods at these prices cannot be equalled.

The hunting season is soon here, and now while you have this life time chance to get the best for the lowest price is the time to fit yourself out.

Now remember that we have a new complete line of civilian clothing, which is entirely apart from the Army goods, such as Men's and Boys' shoes, corduroy trousers, suits, underwear, blankets and overcoats.

We buy direct from the manufacturer for cash, and sell for cash ONLY.

We have our goods reduced, and we guarantee prices at 10 per cent reductions on all new goods.

However, the biggest and greatest special of all is that we will sell, TO FARMERS' ONLY, Men's hose, guaranteed best color, at 10c per pair, and Ladies lisle hose at 15c.

During the sale, we will keep all sales' slips with name and address, and the person making the biggest purchase will be presented with an Army O. D. overcoat, valued at $10, which will be sent to person's address free of charge and trouble.

Our stores are located at 30 York street, Gettysburg, Pa., and 32 Carlisle street, Hanover, Pa.

CIDER JUGS SCARCE

Prohibition Blamed For Shortage of Containers.

Prohibition is the cause of the scarcity of barrels, kegs and jugs in Gettysburg. Wets and drys alike candidly admit prohibition is responsible for the condition.

For several months many citizens have been experimenting with grape, raisin, dandelion and other light wines, utilizing every receptacle available. Now with the cider season at its height there seems to be a wild scramble for containers of any kind.

An opportunity to buy a nice home before they are sold.

Seven properties on Baltimore Street; seven on York Street; one on Buford Avenue and two on each of the following streets and avenues: Carlisle, Middle, Water, Steinwehr and Springs Avenue.

PRINTZESS Coats and Suits for Fall and Winter Wear

This is PRINTZESS Week at Funkhouser's

THE SUITS

The decreed modes for Fall are found in these PRINTZESS suits—and, we know this is welcome—distracting as are the models in stylings, beauty of workmanship, and materials, they are tailleured with such versatility as to become every height and figure. Loose three-quarter length suits are shown for the slim, built Madame, while the fitted jacket still may charm Mademoiselle petite.

THE COATS

Actual inspection is necessary for one to appreciate just what wonderful creations are these PRINTZESS coats for fall. The styles are varied, the materials the season's most popular and the colors lovely. There are Wrappe coats that possess street and formal qualities and there are models of the more conservative kind. You will surely find the coat that you've in mind among our large selection.

We cordially invite you to our PRINTZESS WEEK display of Coats and Suits at

A Few Words About Economy in Clothes

We talk economy, because that is what you are getting in these values. The economy begins in the price, but it doesn't end there.

There is just as much economy in the clothes as there is in the price; economy of wear, long service, less cost per day, and less cost per year.
